A HANDLIST OF CHURCH OF IRELAND VESTRY MINUTE BOOKS IN THE REPRESENTATIVE CHURCH BODY LIBRARY, DUBLIN

Representative Church Body Library

November 2026

Introduction

The Representative Church Body Library is the library of the Church of Ireland (the Anglican or Protestant Episcopal Church in Ireland) and is, inter alia, the principal repository for the parish records of the Church of Ireland. However, records of parishes in Northern Ireland which are not retained in parish custody may be deposited in the Public Record Office of Northern Ireland (PRONI), 2 Titanic Boulevard, Belfast, BT3 9HQ
The handlist details those vestry minute books which had been transferred to the Library by October 2022.

The handlist also contains entries for records of some non-parochial ministries such as chapels of ease and trustee churches which kept minutes of their proceedings.

Parish records are available to readers in the Library during the normal opening. A Booking System is in place to view records of interest (See the Church of Ireland website at the link below). The Library staff do not undertake general research on behalf of readers.

Further information on the records in this handlist may be had from the understated address
